

Call for Participation

MSE at the SIGDA University Booth – A Special Session on Microelectronic Systems Education

SIGDA University Booth at the 44th Design Automation Conference
In cooperation with the International Conference on Microelectronic Systems Education
San Diego Convention Center
San Diego, California
Monday June 4, 2007 1-6PM

The SIGDA University Booth at the Design Automation Conference provides an opportunity for the university community to demonstrate EDA tools, design projects, and instructional materials in the Exhibits section of the Design Automation Conference.

This year the University Booth is collaborating with the International Conference on Microelectronic Systems Education (MSE) to schedule a Special Session on Microelectronics Systems Education on Monday, June 4, 2007 from 1-6PM.

Members of the university community are invited to submit proposals to conduct demonstrations of:

- Courseware
- Visualization Tools
- Educational Design Tools
- Instructional Materials
- Design Projects

Presenters and attendees at MSE and DAC are especially encouraged to participate, but participation is open to all members of the university community. Participants may choose to conduct demonstrations in either a single one-hour session on Monday afternoon, or daily sessions Monday through Wednesday.

To apply for participation, visit the University Booth website and fill out the registration form at <http://www.sigda.org/ubooth.html>. Deadline for registration is May 1, 2007.
